

# Issues in Egg Supply chain - From Farm to Fork

Problems and their Solution

Narsipur Chemicals

Problem :

## **Contamination of Eggs during supply**

Solution :

**Cleaning & Sanitization of Egg Pellets, Machines and Egg shells is necessary**

NARSIPUR

# Egg-Kleen

## Egg Disinfectant and Sanitizer

Helps in removing all types of bacteria, salmonella

Problem :

**Seasonal Demand &  
Perishable Nature**

Solution :

**Managing the  
production cycle of  
Eggs using Modern  
methods like Egg  
Labelling and  
Grading**

Problem :

**Poor Road  
Conditions resulting  
Delay in Delivery and  
Egg Spoilage.**

Solution :

**Maintaining a good  
chain of Egg Dealers  
in a specified  
location reducing  
the Transport  
Distance and Time.**
